The Lawrence YMCA has a proud history of serving the community. To meet the changing needs of our community, we are embarking on transformative renovation to the Lawrence YMCA. **Here For Good** is a multi-year initiative and capital campaign will allow the Lawrence YMCA to make improvements to our YMCA and build additional resources to continue to enable us to strengthen our community.

Last summer, we celebrated the grand opening of our new child care space. These bright, modern preschool and after school classrooms serve more than 200 children in nurturing, safe NAYEC accredited programs. The new classrooms completed the first phase of the planned \$5.9 million renovation and expansion of the Lawrence YMCA. This year, construction was completed on a beautiful exercise studio and a multi-purpose space, and the Intergeneration Community Room, in the front of our building. We've just recently completed the renovation of our Welcome Center.

Future phases of this project include youth and adult locker rooms, family changing rooms and outdoor site enhancements, as well as increasing the Wellness Center space to include three floors of over 8,000 square feet. Thanks to the generosity of our community, we have raised \$2,869,173 or 48.6% of our goal of \$5.9 million to transform the Lawrence YMCA! We look forward to moving through the next phases of our construction and sharing updates with you.
